## Welcome to 5th Grade

Dear 5th Graders and families,

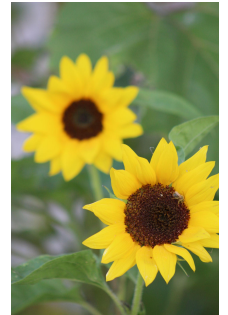

Welcome to 5th grade!! I am excited to have you in my class and be your teacher! I am looking forward to meeting each of you and getting to know you as we learn new things together this coming school year.

This will be my seventh year at CCS and my 40th year teaching!! Most of my previous teaching took place in the Akron, Ohio area at two different Christian schools in 4th, 5th, 6th, 7th, and 8th grades!

I have spent my summer doing projects at home with my flower

gardens, working on my family's genealogy (maybe I am related to some of you), visiting with family in Texas, and reading lots of books! My cocker spaniel, Barney, keeps me company at home.

Over the summer, if you are bored, 😊 there are several things that you can do to prepare yourself more for 5th grade. The first thing you can do is read books. Just read books that you like for fun! Maybe you can sign up for a reading challenge at your public library! You might also want to review your math facts and especially multiplication math facts. It's helpful to know your multiplication facts so well that you don't even have to think about the answer. We will also be working on the books of the Bible so if you don't know them in order, that would be another thing that you could work on. We will be learning about the people of the Old Testament and how they all point to the coming of Jesus, our wonderful Savior! 😊

As you enjoy the rest of your summer, I will be praying for each of you!
